

Mike Millis serves as the Quality Director at Aluminum Blanking Company, Inc. where he brings over 30 years of business, quality and manufacturing experience.

As one of the founding members of the company, Mike has been instrumental in ensuring the company's ongoing sustainability through overseeing quality and manufacturing certifications, including ISO 9001, ISO/TS 16949, and ISO 14001. Mike has also spearheaded more than a dozen Kaizen events for Aluminum Blanking Company, which has resulted in significant cost savings and has led to new business award opportunities.

Mike manages the company's tensile testing, yield reporting, lube level management services and has established clear lines of communication with customers across automotive, aerospace, marine, trucking and railcar market sectors. He has evaluated and implemented over a dozen of the company's value added service offerings, which has resulted in new product offerings and heightened customer experience. Mike is married and has 3 young adult children.
